

“ Natalia is truly an inspiring individual and we were delighted to have her deliver a keynote at Ethical Corporation’s 7th Responsible Business Awards celebrating the best corporates and NGOs in responsible business.

Natalia’s story is one of emotion, inspiration, perseverance and sheer brilliance. Our audience were completely captivated by her first-hand experience in rowing the Pacific Ocean and made for great story-telling on the importance of teamwork, adaptability and the results we can produce when we push our minds to achieve greatness.

Thank you so much Natalia for a wonderful insight into this life changing experience and I would highly recommend Natalia as an inspirational speaker for the future.”

Krina Amin, Head of Strategy, Ethical Corporation
