

Monday night lecture series, Tuesday lecture series and an event for the Transglobe Expedition Trust hosted by Ranulph Fiennes

" It is not easy to win over the hearts and minds of such a mixed audience but Natalia did it with great ease and with humour mixed into a narrative that was both inspiring and illuminating. Her talk was every bit as entertaining as those of the well known and experienced old time "explorers" with whom she shared the stage. Thank you Natalia for your much appreciated presentation which contributed so perfectly to our evening. "

Anton Bowring, Trustee of Transglobe Expedition Trust

" I recently saw Natalia speak at an event I hosted at the Royal Geographical Society where she successfully managed to inspire and entertain the audience. Her wonderful stories and insights that she shared from the arduous journey across the Pacific that she and her teammates endured, were fascinating. This is an extraordinary story that will resonate with everyone. 1000 thanks to you, Natalia, on your excellent presentation. It was greatly appreciated by all. "

Dear Natalia and team

...
Coxless Crew – a Pacific Ocean Row

Thank you all for lecturing at the Society last night. I heard from the President that your talk was inspiring and incredibly motivational; he enjoyed it greatly, as did our members and Fellows. I do hope you enjoyed the evening and I'm so sorry I was unable to attend.

With best wishes,

Dr Rita Gardner
